About This Content

Soak up the eclectic music of the unique indie abstraction known as ULTRAWORLD EXODUS. Find your favorite chair and take in a twenty five song double album that features spaced out ambiance, catchy orchestrations, and toe-tapping beats. The sole creator of the game was also the sole creator of the soundtrack so these songs are tightly linked to a specifically designed audio-visual experience. While originally composed to compliment vibrant landscapes, this unusual mix of songs easily stands on it's own. So throw on your headphones, sit back, and enjoy!

"...its soundtrack remains a highlight." - PCGamer

"It's a gorgeous looking game with an equally nice soundtrack." - IndieGames.com

"Its soundtrack is also very eccentric, featuring ethereal, electronic, ambient sounds." - Game Skinny
